Use Determination & Recommendation:

Has the use existed since November 28, 1975? ☒ Yes ☐ No ☐ Unknown

Comments: The UAA survey was conducted in August 2008 and no WBCR was observed. It was noted in 2005 by multiple sources, including the Missouri Department of Conservation, that this creek is used for swimming in the deeper pools along the creek. No interviews were conducted during this survey.

Is the evaluated use attainable? ☒ Yes ☐ No

Comments: The stream did not meet the maximum or median depth criteria for WBCR. No interviews were taken in the 2008 UAA study. Due to multiple comments in 2005 and 2008 citing swimming along the creek, the committee recommends that WBCR be retained.

Committee Recommendation:

- ☐ Add Use
- ☒ Retain Use
- ☐ Remove Use
- ☐ Modify Use
- ☐ Inconclusive
